PARK OPENINGS PICNIC SUPPERS SOCIAL EVENTS

Quite the most popular diversion is the picnic supper which came into its own the past week with the opening of the amusement parks which furnish the chief summer pleasure. Combining numerous pastimes, the parks are attracting large gatherings even this early in the season. There were a number of picnic suppers the opening night of Riverside and each week will record additional affairs at which dancing and swimming will be featured.

The dance on Tuesday evening at Forest park for the benefit of the Day Nursery also added to the gaiety of the week.

While the parks will always hold first place on the summer calendar, the desert will not be without its appeal and many picnic suppers given across the canal will be followed by informal dancing at the Arbor.

It will be anything but dull in the months to come and there will be no cessation of gaiety with the advance of hot weather. Indications point toward one of the most enjoyable of all summer seasons.
